HUD Form

Note: The following questions must be answered for our subdivision to be in compliance with HUD Federal Regulations. This is a federal law requirement.

The undersigned home purchaser(s) acknowledges that the subdivision in which the home is located has age-restricted covenants and is intended for occupancy by persons wherein at least one occupant per household is 55 years of age or older, subject to certain limited exceptions. It is acknowledged that resales or the rental of homes also must be to persons wherein at least one occupant is 55 years of age or older.

Questionnaire:

1. Is at least one of the regular occupants or renter of your dwelling 55 years of age or older?

YES _____ NO _____

2. Are you the buyer and do you qualify under the 20% that may be between 45 and 55 years of age for a new house sale?

YES _____ NO _____

Permission to shut off water to the house in case of water leak

I/We provide permission to The Greens Homeowners Association, through the Directors or other individuals, as they may assign, to shut off water to my Greens' dwelling, utilizing the curb stop, in event that a leak has developed in the pipes within the dwelling. I understand that this act will also shut off the water supply to the fire sprinkler system within the dwelling. That act will make that sprinkler system inoperable. I agree to hold The Greens Homeowner Association harmless from any damages which may result from the water being shut off.
